

**SAFETY DATA SHEET****FRESH DETOX WET WIPES**

This SDS is not mandated under REACH Regulation (EC) No 1907/2006 and is provided for information only.

SECTION 1: Identification of the substance/mixture and of the company/undertaking**1.1. Product identifier**

Product name **FRESH DETOX WET WIPES**

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses **WET WIPES**

1.3. Details of the supplier of the safety data sheet

Supplier: AQUA KOZMETİK DIŞ TİCARET A.Ş.
CUMHURİYET MAH. YILDIRAY ÇINAR SOK NO:19A/2 BÜYÜKÇEKMECE -İSTANBUL- TURKEY
+ 902128720550

email:info@aquakozmetik.com.tr

1.4. Emergency telephone number: +90 850 888 18 40**SECTION 2: Hazards identification****2.1. Classification of the substance or mixture**

Classification (EC 1272/2008)

Physical hazards	Not Classified
Health hazards	Not Classified
Environmental hazards	Not Classified
Additional Information	See the Chemical Safety Assessment of Cosmetic Product for the classification of health hazardous.

2.2. Label elements

Hazard statements NC Not Classified

2.3. Other hazards

This product does not contain any substances classified as PBT or PvB

**SAFETY DATA SHEET****FRESH DETOX WET WIPES**

This SDS is not mandated under REACH Regulation (EC) No 1907/2006 and is provided for information only.

SECTION 3: Composition/information on ingredients**3.2. Mixtures**

INCI NAME	CAS NUMBER	MAX RATE%	CLASSIFICATION
Deminarilezed Aqua	7732-18-5	97,88	Not Classified
Peg 7 Glyceryl Cocoate	68201-46-7	0,40	Not classified
Polysorbate 20	9005-64-5	0,25	Not classified
Cocamidopropyl Betaine	61789-40-0	0,06	Skin Irrit. 2 Eye Irrit. 2A Aquatic Acute 1
Phenoxyethanol	122-99-6	0,68	Acute Tox. 4 Eye Irrit. 2
Dehydroacetic acid	520-45-6	0,04	Acute Tox. 4 :
Benzoic acid	65-85-0	0,08	Eye Damage, category 1 Skin Irritation, category 2
TetraSodium EDTA	64-02-8	0,05	Acute oral toxicity 4 Acute Inhalation Toxicity 4 Serious Eye Damage 1 Carcinogenicity 2
Citric Acid	7-92-9	0,01	Eye Irrit. 2
Parfum	-	0,30	Not classified
Chlorhexidine di gluconate	18472-51-0	0,25	Acute aquatic toxicity – Category 1 Chronic aquatic toxicity – Category 2

The full text for all hazard statements is displayed in Section 16.

SECTION 4: First aid measures**4.1. Description of first aid measures**

General information Get medical attention if any discomfort continues. Show this Safety Data Sheet to the medical personnel.

Inhalation No special treatment required

Ingestion No special treatment required. Rinse mouth thoroughly with water.

Skin contact Rinse with water.

Eye contact Rinse with water.

Protection of first aiders First aid personnel should wear appropriate protective equipment during any rescue

4.2. Most important symptoms and effects, both acute and delayed

General information The severity of the symptoms described will vary dependent on the concentration and the length of exposure.

Inhalation No specific symptoms known.

Ingestion No specific symptoms known.

Skin contact No specific symptoms known.

Eye contact No specific symptoms known. May cause temporary eye irritation.

4.3. Indication of any immediate medical attention and special treatment needed

Notes for the doctor Treat symptomatically

This SDS is not mandated under REACH Regulation (EC) No 1907/2006 and is provided for information only.

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media :

The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.

Use foam, carbon dioxide, dry powder or water fog to extinguish.

Unsuitable extinguishing media:

Do not use water jet as an extinguisher, as this will spread the fire.

5.2. Special hazards arising from the substance or mixture

Hazardous combustion products :

Thermal decomposition or combustion products may include the following substances:

Harmful gases or vapours.

5.3. Advice for firefighters

Protective actions during firefighting:

Avoid breathing fire gases or vapours. Evacuate area. Cool containers exposed to heat with water spray and remove them from the fire area if it can be done without risk. Cool containers exposed to flames with water until well after the fire is out. If a leak or spill has not ignited, use water spray to disperse vapours and protect men stopping the leak. Control run-off water by containing and keeping it out of sewers and watercourses. If risk of water pollution occurs, notify appropriate authorities.

Special protective equipment for firefighters:

Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. Firefighter's clothing conforming to European standard EN469 (including helmets, protective boots and gloves) will provide a basic level of protection for chemical incidents.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions:

Wear protective clothing as described in Section 8 of this safety data sheet. No specific recommendations.

6.2. Environmental precautions

Environmental precautions Do not discharge into drains or watercourses or onto the ground

This SDS is not mandated under REACH Regulation (EC) No 1907/2006 and is provided for information only.

6.3. Methods and material for containment and cleaning up

Methods for cleaning up:

Clear up spills immediately and dispose of waste safely. If the product is soluble in water, dilute the spillage with water and mop it up. Alternatively, or if it is not water-soluble, absorb the spillage with an inert, dry material and place it in a suitable waste disposal container. The contaminated absorbent may pose the same hazard as the spilled material. Label the containers containing waste and contaminated materials and remove from the area as soon as possible. Flush contaminated area with plenty of water. Wash thoroughly after dealing with a spillage. Leave small quantities to evaporate, if safe to do so.

6.4. Reference to other sections

Reference to other sections:

For personal protection, see Section 8. See Section 11 for additional information on health hazards. See Section 12 for additional information on ecological hazards. For waste disposal, see Section 13.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Usage precautions:

Read and follow manufacturer's recommendations. Obtain special instructions before use. Wear protective clothing as described in Section 8 of this safety data sheet. Handle all packages and containers carefully to minimise spills. Keep container tightly sealed when not in use. Avoid the formation of mists.

Advice on general occupational hygiene:

Wash promptly if skin becomes contaminated. Take off contaminated clothing. Wash contaminated clothing before reuse.

7.2. Conditions for safe storage, including any incompatibilities

Storage precautions:

Keep out of the reach of children. Keep away from food, drink and animal feeding stuffs. Keep only in the original container. Keep container tightly closed, in a cool, well ventilated place. Keep containers upright. Protect containers from damage.
Storage class: Chemical storage.

7.3. Specific end use(s)

Specific end use(s): The identified uses for this product are detailed in Section 1.2.

This SDS is not mandated under REACH Regulation (EC) No 1907/2006 and is provided for information only.

SECTION 8: Exposure controls/Personal protection8.1. Control parameters8.2. Exposure controls

Appropriate engineering controls : No specific ventilation requirements.

Eye/face protection: No specific eye protection required during normal use. Large

Spillages: Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible.

Hand protection: No specific hand protection recommended.

Hygiene measures: Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wash contaminated clothing before reuse.

Respiratory protection: Provide adequate ventilation.

Environmental exposure controls: The product is not expected to be hazardous to the environment.

SECTION 9: Physical and chemical properties9.1. Information on basic physical and chemical properties

Appearance	TOWEL IMPROVED SOLUTION
Colour	WHITE
Odour	Fragrant.
pH pH (concentrated solution):	5-6,5
Melting point	No information available.
Initial boiling point and range	No information available.
Flash point	No information available.
Flammability (solid, gas)	No information available.
Vapour pressure	No information available.
Relative density	No information available.
Solubility(ies)	NoT Soluble in water.
Auto-ignition temperature	No information available.
Decomposition Temperature	No information available.
Viscosity	No information available.
Explosive properties	Not considered to be explosive.
Density:	1,00 - 1,05 g/ml

9.2. Other information

Other information: The information provided is for the final product.

This SDS is not mandated under REACH Regulation (EC) No 1907/2006 and is provided for information only.

SECTION 10: Stability and reactivity10.1. Reactivity

Reactivity : There are no known reactivity hazards associated with this product

10.2. Chemical stability

Stability : Stable at normal ambient temperatures and when used as recommended.
Stable under the prescribed storage conditions.

10.3. Possibility of hazardous reactions

Possibility of hazardous reactions: No potentially hazardous reactions known.

10.4. Conditions to avoid

Conditions to avoid: There are no known conditions that are likely to result in a hazardous situation

10.5. Incompatible materials

Materials to avoid: No specific material or group of materials is likely to react with the product to produce a hazardous situation.

10.6. Hazardous decomposition products

Hazardous decomposition products: Does not decompose when used and stored as recommended.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Toxicological effects: Not regarded as a health hazard under current legislation. It is a cosmetic product. See the cosmetic product chemical safety assessment.

Skin corrosion/irritation: Based on available data the classification criteria are not met.

Serious eye damage/irritation: Irritating to eyes..

Respiratory sensitisation : Based on available data the classification criteria are not met.

Skin sensitisation: Based on available data the classification criteria are not met.

Germ cell mutagenicity

Genotoxicity - in vitro Based on available data the classification criteria are not met.

Genotoxicity - in vivo Based on available data the classification criteria are not met.

Carcinogenicity Based on available data the classification criteria are not met.

Reproductive toxicity

Reproductive toxicity - fertility : Based on available data the classification criteria are not met.

Reproductive toxicity -development : Based on available data the classification criteria are not met.

Specific target organ toxicity - single exposure

STOT - single exposure Based on available data the classification criteria are not met.

Specific target organ toxicity - repeated exposure

STOT - repeated exposure Based on available data the classification criteria are not met.

Aspiration hazard

Aspiration hazard Based on available data the classification criteria are not met.

Inhalation No specific symptoms known.

Ingestion No specific symptoms known.

Skin contact Redness. Irritating

Eye contact No specific symptoms known

This SDS is not mandated under REACH Regulation (EC) No 1907/2006 and is provided for information only.

SECTION 12: Ecological information

Ecotoxicity Not regarded as dangerous for the environment. However, large or frequent spills may have hazardous effects on the environment.

12.1. Toxicity

Toxicity Based on available data the classification criteria are not met.

12.2. Persistence and degradability

Persistence and degradability The degradability of the product is not known

12.3. Bioaccumulative potential

Bioaccumulative potential No data available on bioaccumulation.

12.4. Mobility in soil

Mobility No information available.

12.5. Results of PBT and vPvB assessment

Results of PBT and vPvB assessment: This product does not contain any substances classified as PBT or vPvB.

12.6. Other adverse effects

Other adverse effects None known.

SECTION 13: Disposal considerations**13.1. Waste treatment methods**

General information : The generation of waste should be minimised or avoided wherever possible. This material and its container must be disposed of in a safe way. When handling waste, the safety precautions applying to handling of the product should be considered. Care should be taken when handling emptied containers that have not been thoroughly cleaned or rinsed out.

Disposal methods : Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority

SECTION 14: Transport information

General The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).

14.1. UN number Not applicable.

14.2. UN proper shipping name Not applicable.

14.3. Transport hazard class(es) No transport warning sign required.

14.4. Packing group Not applicable.

14.5. Environmental hazards Environmentally hazardous substance/marine pollutant: No.

14.6. Special precautions for user Not applicable.

14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code Not applicable

This SDS is not mandated under REACH Regulation (EC) No 1907/2006 and is provided for information only.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture
National regulations: EH40/2005 Workplace exposure limits.
Health and Safety at Work etc. Act 1974 (as amended).

EU legislation:

Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures (as amended).

Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) (as amended).

15.2. Chemical safety assessment

It is a cosmetic product. See the cosmetic product chemical safety assessment

SECTION 16: Other information

Abbreviations and acronyms used in the safety data sheet

ATE: Acute Toxicity Estimate.

Kow: Octanol-water partition coefficient.

LC₅₀: Lethal Concentration to 50 % of a test population.

LD₅₀: Lethal Dose to 50% of a test population (Median Lethal Dose).

EC₅₀: 50% of maximal Effective Concentration.

PBT: Persistent, Bioaccumulative and Toxic substance.

vPvB: Very Persistent and Very Bioaccumulative.

PNEC: Predicted No Effect Concentration.

BCF: Bioconcentration Factor.

NOEC: No Observed Effect Concentration.

General information:

A Safety Data Sheet is not required for cosmetic products according to Regulation.

This Safety Data Sheet is supplied as an additional service.

Hazard statements in full:

H314 Causes severe skin burns and eye damage.

H317 May cause an allergic skin reaction..

H331 Toxic if inhaled.

H400 Very toxic to aquatic life.
